EXPERIENCE

Full Stack Developer

Global IME Bank

10/2024 – 01/2025
Kamaladi, Kathmandu

- Developed Web Applications: Built and maintained banking web applications using React, Redux, TypeScript, and Tailwind CSS for an improved user experience.
- Backend Development: Implemented RESTful APIs with Node.js and Express.js, integrating MongoDB and PostgreSQL databases for secure and efficient data storage.
- Authentication & Security: Integrated Firebase authentication and JWT-based authorization to enhance security measures for customer transactions.
- Deployment & CI/CD: Deployed applications on Vercel and Netlify, implementing CI/CD pipelines for streamlined development workflows.

EDUCATION

Bachelor of Science in Computer Science and Information Technology

St. Xavier's College

2022 – 2026
Maitighar, KTM

SKILLS

Data & Analytics

SQL, PostgreSQL, MySQL, Python, Power BI, DAX, Excel

Backend

Node.js, Express.js, Firebase

Tools & Platforms

Git, GitHub, Netlify, Vercel

Frontend

React, Redux, React Native, Framer Motion, TypeScript, HTML, CSS, JavaScript, Tailwind CSS, Bootstrap, ShadCN, Material-UI

Databases

MongoDB, PostgreSQL, MySQL

PROJECTS

Hospital Emergency Room Dashboard

adarshabaskota.com.np/work/5

Interactive Power BI dashboard analyzing 19 months of ER activity (9,216 patient visits) — surfacing wait time issues, satisfaction trends, referral patterns, and staffing/peak-time insights for ER operations teams.

NYC Motor Vehicle Collisions Analysis

2012–2025, adarshabaskota.com.np/work/4

End-to-end analysis of 2.2M+ NYC crash records (2012–2025) using SQL Server, T-SQL, and Power BI — cleaning messy raw data and building a 7-page interactive dashboard with policy recommendations on pedestrian safety, high-risk corridors, and vehicle-type risk.

Next Js Blog Application

adarshabaskota.com.np/work/2

The MERN Blog App is a full-stack web application designed to provide users with a smooth and engaging reading experience.

Mini Portfolio Website

adarshabaskota.com.np/work/3

A simple personal portfolio built using Next.js to showcase my work and skills.
